LOCK N LOAD®

Now weight selection is as easy as flipping a switch. The intuitive Lock N Load® design is easily recognizable. If you've ever flicked a light switch on and off, you'll immediately understand how it works. Universally color coded switches engage and disengage the weight via an internal pin, providing a safer, more durable and maintenance free operation. Lock N Load prevents unnecessary maintenance and customer service headaches since there are no pins to lose or replace.

REDESIGNED TOWERS

The beautifully redesigned Nautilus Inspiration line, with their uniform 64" (163 cm) towers, deliver superior lines of site across your venue and create a visually powerful impression during facility tours. The tower housing has been redesigned to accommodate custom graphics and wraps to personalize the equipment in your facility.

BUILD ON GREATNESS

At **Core Health & Fitness**, when we brought together fitness brands to build our company, we settled for nothing but the best. Four iconic brands that pioneered entire categories and whose machines are still the ones **members ask for by name**. Today, we're committed to continuing the tradition that started decades ago – and that's greatness you can feel good about building your business on.
